

20 April 1962

[illegible]

Q2
25X1

- Mission 9032 has been successfully recovered and will arrive in NPIC around Tuesday evening, 24 April 1962. The OAK is tentatively scheduled to start Wednesday morning. [] informed the chiefs of the names of the PAD personnel participating.

25X1

NPIC will receive for retention one DN and one DP of each mission. Joint teams will be constituted to scan these missions for items of national interest. The National Center is looking into the possibility that SAC is violating the precepts of NSCID #8 in performing the initial readcut within their own organization.
